Things to Keep in Mind When Reviewing NJSLA Data

- ▶ The administration of the Spring NJSLA establishes a new benchmark.
- ▶ We have gone 2 years without NJSLA data so year over year comparisons among students and cohorts are not possible.
- ▶ 1 or 2 students within a grade level will adjust the percent of change, due to enrollment numbers.
- ▶ NJSLA data is only a snapshot of a students annual performance in ELA, Math, and Science. It is not a complete indicator of a students overall academic, visual/performing arts, and athletic success over time.

2022 NJSLA ELA and Math Performance Levels

- ▶ Level 1: *Did Not Yet Meet* expectations
- ▶ Level 2: *Partially Met* expectations
- ▶ Level 3: *Approached* expectations
- ▶ Level 4: *Met* expectations
- ▶ Level 5: *Exceeded* expectations

Moving Forward

- ▶ Districtwide data mining activities at faculty and subject area meetings
- ▶ Spiraling math instruction to target specific standards in need of improvement
- ▶ Targeted coaching of teachers in the areas of ELA and Math
- ▶ Additional instructional time in reading
- ▶ Focus on reading comprehension strategies
- ▶ Focus on Response to Intervention Services (RTI) via tiered supports: e.g. Differentiation of instruction, Small group instruction, Sonday System Intervention, Basic Skills, Bridge Afterschool Support, Homework Club, Tutor.com
- ▶ Continue the use of various digital resources to support areas of strength and areas of focus
- ▶ Administering diagnostic and benchmark assessments in ELA, Math, and Science achievement: e.g. IXL, Sonday System, Fountas Pinnell
- ▶ Continued focus on differentiated instruction
